DIGITAL SPEECH PROMPTER

Model: EC-19

Digital Speech Prompters, tool to help ministers, teachers and anyone giving speeches be more confident in their lines. With a Teleprompter to cue them, they are able to concentrate on the emotion and delivery, as opposed to trying to remember every word verbatim. The key to any delivery is being able to keep eye contact with the audience, or the camera. Digital Speech Prompter EC-19 allows speaker to read the lines, without breaking eye contact, or disrupting the natural flow of the delivery. Speech teleprompter is poised to help your talent to deliver their lines to the camera, or a live audience with ease. No more worrying about remembering lines, or losing their place. With a Professional Speech teleprompter operator backing them up, their delivery will be masterful.
